

## XROZZ FLOORSCREEN

Xrozz Floorscreen is ideal for dividing up offices: The freely configurable elements create working areas with a pleasant atmosphere and reduced noise levels whilst, at the same time, preserving eye contact and the exchange of information. Our floorscreen creates islands of calm away from the hustle and bustle of office life. This type of acoustic shielding is ideal for facilitating concentrated work, confidential conversations and for pleasant and quiet private spaces in large rooms. Xrozz Floorscreen consists of a class A soundabsorbent mounted within a solid wood frame.

### Specified dimensions in millimeter (width x height)

800x1200, 800x1400, 800x1600, 800x1800, 1000x1200, 1000x1400, 1000x1600, 1000x1800, 1200x1200, 1200x1400, 1200x1600, 1200x1800, 1400x1200, 1600x1200
