

## SOUND PRINT

Modern, classic and playful. Whether wall-mounted or suspended from the ceiling, the elements of Sound Flexible open up many possibilities of individualised design. Anyone who wants to enhance efficiency in the office should not only keep an eye on how the work is done. Background noise and indoor climate have a significant impact on the ability to concentrate and the results that are achieved. Sound Flexible improves both. Sound Print is an acoustic material in 100% PET.
